Nutrition and allergen information provided is based on standardized recipes, information provided by Worthy Plates Culinary Nutrition, suppliers, and nutrition analysis using industry standard software. Values are expressed based on federal rounding regulations. A number of factors may affect the actual nutrition values for our ingredients and menu items and therefore actual nutritional content may vary from the nutritional information provided.

Allergens are identified based on the ingredients provided by manufacturers and our standard recipes. Our kitchens use ingredients containing wheat, soy, milk, egg and sesame, therefore our products may come into contact with these or other common allergens including peanuts, tree nuts, fish and shellfish.
